

Collaboration for Social Equity in Texas

APRIL 20, 2023 | VIRTUAL
during National Volunteer Week

Skilled volunteers and community leaders coming together to build capacity for nonprofits in Texas

No one player can overcome social equity or solve the complex equity challenges that our communities face. That's why Common Impact is bringing together experts from across sectors for our signature day of skills-based flash consulting where corporate volunteers will work in cross-company teams on marketing, finance, strategy, and operations challenges.

Our spring 2023 Skills for Cities is exclusively dedicated to serving the growing hub of nonprofits and community builders fighting for social equity in Texas, where there are trending innovations in entrepreneurship and technology.

Partner companies will:

Activate a commitment to **diverse talent and social impact**

Give employees a shared sense of purpose, skill building (97% of volunteers report useful professional development), and peer networking.

Invest in capacity building for nonprofits working toward social equity in Texas
